Martin Mateju

Full Stack Developer with a passion for building solutions that merge functionality and creativity. I'm dedicated to make projects that not only meet but exceed expectations.
Czechia

Summary

I have a strong background in software development and over 10 years of experience with writing code. My experience spans various technologies, allowing me to adapt quickly, collaborate effectively, and tackle diverse challenges with a unique perspective.

Experience

Studio Grohova
CTO
January 2024 - Present (1 year)
Brno, Jihomoravský, Česko

Developed an e-commerce app with a custom-made booking system.

Techstack: REST API, NextJs, NodeJS/Express, Redux Toolkit, RTK Query, TailwindCSS, MongoDB

Amaris Consulting
Software Engineer
March 2022 - October 2024 (2 years 8 months)
Prague, Czechia

Worked as a software engineer in the automotive. Techstack: JAVA, Gradle, Python, MPS (JetBrains), Domain-specific languages

MountainLift
Software Developer
October 2022 - December 2022 (3 months)
Prague, Czechia

Oracle
Software Developer
February 2020 - January 2022 (2 years)

I joined the Tooling and Automation team, where I worked as a full-stack developer on an internal project. Techstack: REST API, Python, ReactJS, Celery, Redis, NoSQL, Distributed systems

SMART-TRIAL
Software Developer
October 2018 - January 2020 (1 year 4 months)
Aalborg, Northern Region, Denmark

I joined MEDEI ApS as a full-stack developer to support the development of the SMART-TRIAL project. Techstack: MEAN stack (AngularJs, Express, NodeJS/Typescript, MongoDB).

Intel Corporation
Software Developer
June 2017 - September 2018 (1 year 4 months)
Aalborg

I was a member of the antenna tuning team at Intel Mobile Telecomunications in Aalborg, where I worked as a tooling developer for the antennas and as a administrator of prior antenna tools generations. Techstack: C++(Qt framework), Python, Matlab.

InterContinental Hotels & Resorts
Sales and Marketing
August 2014 - October 2014 (3 months)
Hlavní město Praha, Česká republika

I worked mainly with hotel booking and sales programs. Futhermore, I assisted with the preparation for the hotel's 40th anniversary, where I researched for the suppliers and negotiated prices with them. In addition to that, I assisted with the marketing plan for the anniversary of the hotel.
